RECORDS RETENTION

I. PURPOSE

To establish guidelines for retention of public safety records and procedures for proper disposal of those records. These guidelines will remain compliant with the Library of Virginia Records Retention and Disposition Schedule.

This SOP is not all-inclusive and cannot encompass all situations that may be encountered.

II. POLICY

This policy will encompass both paper and electronic records. The Code of Virginia 42.1-77 defines records by their content, not their format. A Records Officer will be designated by the Fire Chief. This Records Officer will be reported to the Library of Virginia as required by current regulation. The department Records Officer will be responsible for updating this policy as the Library of Virginia Records Retention and Disposition Schedule is updated.

III. PROCEDURES (Excluding E-mail)

Any files pertaining to a current, known investigation or court case must be maintained until that case has been resolved.

Fire Department records shall be physically destroyed or electronically purged according to the following schedule:

Report Type	Library of Virginia Section Number	Required Retention Period (Poquoson)
Duty Roster (Daily Log)	100745	7 years
Fire Training and Activities	200392	7 years

Preplan Documents	Not covered	Destroy old preplans after updating
Grant paperwork	Not covered	10 years
OEMS Required Background Check	Not covered	Destroy 5 years after provider separates from department

After 7 years of storage in the current Records Management System used by the department, Haz-Mat Reports shall be converted to .pdf or similar format and maintained on the department server as individual files for the required 50 years. The records shall be purged from the Records Management System at the 7 year benchmark.

This adopted schedule meets, at a minimum, the requirements set

forth by the current Library of Virginia GS-17 (Law Enforcement, Fire and Emergency Services) regulations.

These records shall be destroyed or purged by the end of each January according to the above schedule.

IV. PROCEDURES (E-mail)

Fire Department staff are encouraged to purge their email records in accordance with the Library of Virginia Records Retention and Disposition Schedule GS-19 County and Municipal Governments Administrative Records standard. This standard defines the content of various administrative emails and the proper method of disposition. For "**Non-confidential destruction**" the email may be deleted after meeting the proper retention period. For "**Confidential Destruction**," a records destruction form must be completed by the Records Officer and approved by the Fire Chief prior to deletion. This deletion must occur with the assistance of IT to ensure all copies and backups have been removed as well. Some common examples are listed below (these are not all-inclusive):

RECORDS RETENTION AND DISPOSITION SCHEDULE

GENERAL SCHEDULE NO. GS-17

COUNTY AND MUNICIPAL GOVERNMENTS

Law Enforcement, Fire and Emergency Services

The schedule on the attached page(s) is approved with agreement to follow the records retention and disposition policies listed below:

APPROVED: Sandra G. Treadway

EFFECTIVE SCHEDULE DATE: 8/13/2015

POLICIES FOR RECORDS RETENTION AND DISPOSITION

1. This schedule is continuing authority under the provisions of the Virginia Public Records Act, § 42.1-76, et seq. of the Code of Virginia for the retention and disposition of the records as stated on the attached page(s).
2. This schedule supersedes previously approved applicable schedules.
3. This schedule is used in conjunction with the Certificate of Records Destruction (RM-3 Form). A signed RM-3 Form must be approved by the designated records officer and on file in the agency or locality before records can be destroyed. After the records are destroyed, the original signed RM-3 Form must be sent to Library of Virginia (LVA).
4. Any records created prior to 1913 must be offered, in writing, to LVA before applying these disposition instructions. Offered records can be destroyed 60 days after date of the offer if no response is received from LVA. A copy of the offer must be attached to the RM-3 Form when it is submitted to LVA.
5. All known audits and audit discrepancies regarding the listed records must be settled before the records can be destroyed.
6. All known investigations or court cases involving the listed records must be resolved before the records can be destroyed. Knowledge of subpoenas, investigations, or litigation that reasonably may involve the listed records suspends any disposal or reformatting processes until all issues are resolved.
7. The retentions and dispositions listed on the attached page(s) apply regardless of physical format, i.e., paper, microfilm, electronic storage, optical imaging, etc. Unless prohibited by law, records may be reformatted at agency or locality discretion. Microfilming must be done in accordance with 17VAC15-20-10, et seq. of the Virginia Administrative Code, "Standards for the Microfilming of Public Records for Archival Retention." All records must be accessible throughout their retention period in analog or digital format. Whether the required preservation is through prolongation of appropriate hardware and/or software, reformatting, or migration, it is the obligation of the agency or locality to do so.
8. Custodians of records must ensure that information in confidential or privacy-protected records is protected from unauthorized disclosure through the ultimate destruction of the information. Ultimate destruction is accomplished through shredding, pulping, burning, and overwriting or physically destroying media. Deletion of confidential or privacy-protected information in computer files or other electronic storage media is not acceptable. Records containing Social Security numbers must be destroyed in compliance with 17VAC15-120-30.
9. Under the Virginia Public Records Act, § 42.1-79, LVA is the official custodian and trustee of all state agency records transferred to the Archives, Library of Virginia. LVA may purge select records in accordance with professional archival practices in order to ensure efficient access.
10. Unless otherwise directed, files are closed out at the end of each calendar or fiscal year as appropriate. Retention periods start at that time.

RECORDS RETENTION AND DISPOSITION SCHEDULE

GENERAL SCHEDULE NO. GS-19

COUNTY AND MUNICIPAL GOVERNMENTS

Administrative Records

The schedule on the attached page(s) is approved with agreement to follow the records retention and disposition policies listed below:

APPROVED: Sandra G Treadway

EFFECTIVE SCHEDULE DATE: 4-13-2017

POLICIES FOR RECORDS RETENTION AND DISPOSITION

1. This schedule is continuing authority under the provisions of the Virginia Public Records Act, § 42.1-76, et seq. of the Code of Virginia for the retention and disposition of the records as stated on the attached page(s).
2. This schedule supersedes previously approved applicable schedules.
3. This schedule is used in conjunction with the Certificate of Records Destruction (RM-3 Form). A signed RM-3 Form must be approved by the designated records officer and on file in the agency or locality before records can be destroyed. After the records are destroyed, the original signed RM-3 Form must be sent to Library of Virginia (LVA).
4. Any records created prior to 1913 must be offered, in writing, to LVA before applying these disposition instructions. Offered records can be destroyed 60 days after date of the offer if no response is received from LVA. A copy of the offer must be attached to the RM-3 Form when it is submitted to LVA.
5. All known audits and audit discrepancies regarding the listed records must be settled before the records can be destroyed.
6. All known investigations or court cases involving the listed records must be resolved before the records can be destroyed. Knowledge of subpoenas, investigations, or litigation that reasonably may involve the listed records suspends any disposal or reformatting processes until all issues are resolved.
7. The retentions and dispositions listed on the attached page(s) apply regardless of physical format, i.e., paper, microfilm, electronic storage, optical imaging, etc. Unless prohibited by law, records may be reformatted at agency or locality discretion. Microfilming must be done in accordance with 17VAC15-20-10, et seq. of the Virginia Administrative Code, "Standards for the Microfilming of Public Records for Archival Retention." All records must be accessible throughout their retention period in analog or digital format. Whether the required preservation is through prolongation of appropriate hardware and/or software, reformatting, or migration, it is the obligation of the agency or locality to do so.
8. Custodians of records must ensure that information in confidential or privacy-protected records is protected from unauthorized disclosure through the ultimate destruction of the information. Ultimate destruction is accomplished through shredding, pulping, burning, and overwriting or physically destroying media. Deletion of confidential or privacy-protected information in computer files or other electronic storage media is not acceptable. Records containing Social Security numbers must be destroyed in compliance with 17VAC15-120-30.
9. Under the Virginia Public Records Act, § 42.1-79, LVA is the official custodian and trustee of all state agency records transferred to the Archives, Library of Virginia. LVA may purge select records in accordance with professional archival practices in order to ensure efficient access.
10. Unless otherwise directed, files are closed out at the end of each calendar or fiscal year as appropriate. Retention periods start at that time.
